The District 5160 Youth Exchange Committee works diligently to find rotary districts from around the world that have a well run and organized youth exchange program. These partnerships are carefully crafted to ensure the safety of our students and provide an exciting exchange year.

The Rotary Youth Exchange Program is a year-long international cultural enrichment and educational exchange opportunity and should not be viewed as a “vacation”. As such, when applying to the program, there is no guarantee as to which country you will be assigned for your year abroad. It should also be understood that once a host country is assigned (late October) the entire \$5,899 Flat Fee is non-refundable (refer to the financial agreement you signed for details).

The aim of our Committee is to match you to the country where you will thrive. We do however try to take certain factors into consideration:
